KILLED IN BATTLE

northeast of Saloniki, was repulsed by the Bulgarians, the Sofia War office announces, a counter attack forcing the Entente troops back to the west bank of the river.

MACKENSEN ADVANCES

The forces under Field Marshal von Mackensen are continuing to progress in their campaign in Dobrudja, Sofia reports.

Some indication of stronger resistance by the Roumanians and Russians, however, is furnished by the official statement, which reports heavy counter attacks.

The presence of a division of Serbian troops in Roumania, alluded to in recent press dispatches, has not been officially accounted for.

The probabilities are that some Serbian troops were forced into Roumanian territory during the Teutonic drive through Serbia last fall, being interned there and liberated for service when Roumania entered the war.

DEATH SUMMONS
GENERAL MILLS

Head of Division of Military Affairs Succumbs After 15 Hours' Illness.

By Associated Press Dispatch.

Washington, September 18.—Major General Albert L. Mills of the Division of Military Affairs, died at his home here today after 15 hours' illness with pneumonia.

General Mills leaves, besides his wife, a son, Lieutenant Chester P. Mills, of the Ninth Cavalry, and a daughter, Mrs. Emil H. Laurson, wife of Lieutenant Laurson of the Eleventh Cavalry.

The General was stricken with pneumonia last night. He was at his desk Saturday afternoon and took a long horseback ride yesterday morning.

General Mills was a native of New York and was appointed to the military academy of that state in 1874.

He served with distinction through the Spanish and Philippine troubles and in 1904 was promoted to the rank of brigadier general.

For several years he served as commander of the Department of the Gulf, with headquarters at Atlanta, Ga.

Only last month he was commissioned as major general.

Before becoming head of the militia division, he had been president of the War College and superintendent of the Military Academy.

He worked out the mobilization plans for the state troops which operated successfully during the Mexican border situation.

He was greatly interested in extending the efficiency of the National Guard.

Canada Seeks to Place Blame For
Collapse of Quebec Bridge Span

QUEBEC BRIDGE BEFORE AND AFTER DISASTER.

The Dominion government, which had offered a million dollar subsidy for the completion of the bridge over the St. Lawrence at Quebec, is now investigating to place the blame for its collapse. More than 50,000 persons, massed along both banks of the St. Lawrence river and on the heights of the historic Plains of Abraham, watched the start of the raising to its buttresses 150 feet high the largest bridge span in the world, saw it sag suddenly at the huge chains that held it, quickly buckle in the middle and with a roar like an explosion and amid the crash of its rended steel, collapse and sink 200 feet to the

river's bottom. The scene of the disaster is the same spot where on Aug. 29, 1907, a bridge structure different in form but designed to be of nearly the same magnitude collapsed, with the loss of several lives. Officials and engineers are still to learn the cause of the collapse from the varying stories of eye-witnesses. The loss in material is estimated at \$600,000. The total cost of the bridge, of which the lost span was to be the principal structural part, was to be \$17,000,000. The top photograph shows the central span being raised. The other was taken a few minutes after the accident.

PROSPECT OF
SYMPATHETIC
STRIKE WANES

By Associated Press Dispatch.

New York, September 18.—There will be no sympathetic strike of labor unions to aid the striking street railway employees until Thursday at least, and one may be averted altogether if the new efforts of Mayor Mitchell to settle the present street car strike in the meantime are successful.

This was announced today after a conference between the Mayor and five labor leaders representing the street railway employees, the Longshoremen's Union, the Stationary Engineers' and Firemen's Union and the State Federation of Labor, the latter representing a number of labor organizations whose trades connect with the operation of the street cars.

The leaders told the Mayor that the various organizations they represented were determined to strike until the municipal authorities took some action to compel the traction heads to observe their recent agreement with the railway employees, and that they had come to him as the last resort.

The Mayor promised to make another effort to adjust the differences and said he hoped to give them an answer by Thursday.

The leaders promised that no strike should occur before that time.

NOVEMBER TENTH

Funston Ordered to Send Back a Regiment Every Time a New One Comes.

By Associated Press Dispatch.

Washington, September 18.—General Funston was directed by the War Department today to return one national guard regiment to its home station for each new regiment of the guard sent to the border.

The Second New York Infantry will be one of the first to return. Other regiments will be selected by General Funston.

It was indicated at the War Department that no general movement of guardsmen homeward would be ordered until a decision affecting the border situation has been reached by the Mexican-American Joint Commission, now meeting at New London, Conn.

The Department has submitted final disposition of all border troops to the commission.

CHICAGO
SWINDLERS
CONFESS

Two of the Eight Alleged Blackmailers Under Arrest Admit Frauds Totalling Millions.

By Associated Press Dispatch.

Chicago, September 18.—"Dick" Barrett and Edward Thompson, members of the alleged band of blackmailers, eight of whom are under arrest here, confessed today that the operations of the syndicate netted the swindlers a million dollars during the last year, according to federal officials.

According to the confession, the band numbers about sixty, about one third of them women.

The arrest of a score or more others is expected before the week is out, it is said.

The two men who confessed are at liberty and will become witnesses for the Government when the persons arrested in the raid Saturday night are brought to trial.

Those now under arrest have been held under bail at sums ranging from \$5,000 to \$15,000.

The raid upon the band revealed an elaborate opium smoking outfit, expensive silks, and elaborate wardrobes for both the men and the women.

Henry Russell is credited by the police with having had fifty suits of clothes, and the others were similarly outfitted.

A mass of incriminating evidence is said by the police to have been found, also.

The charge on which the prisoners are being held is that of conspiracy.

Public Schools Are Closed When Prevalence of Plague Is Discovered.

By Associated Press Dispatch.

Indianapolis, Ind., September 18.—Another of the public schools of Indianapolis was ordered closed today, following the second death from infantile paralysis within a week. One school was ordered closed last week.

NEW LOW RECORD

(Associated Press Dispatch)

New York, September 18.—

A new low record in the epidemic of infantile paralysis was established in the 24 hours ending at 10 a. m. today.

There were but six deaths and fifteen new cases.

COMMISSION
KEEPS "MUM"

By Associated Press Dispatch.

New London, Conn., September 18.—

The Joint American-Mexican Commission took up again today the consideration of plans for control of the border.

Neither the Americans nor the Mexican representatives would reveal the points discussed, but both conceded that consideration of Mexico's internal affairs was made secondary to the subject of maintenance of peace along the border.

MEX. BANDITS
ROB A TRAIN

By Associated Press Dispatch.

Laredo, Texas, September 18.—

Bandits held up a passenger train September 12 near Tamopo, rifled the express car of \$62,000 in gold, robbed the passengers, and then pushed the train down the mountain side into a steep canon, according to an apparently reliable report reaching here today.

The passengers were permitted to detain, thus preventing loss of life the report said.

On the following day, according to the report, a Constitutionalist troop train, sent out to apprehend the bandits, was blown up at the same spot that the hold-up occurred, resulting in the death of forty soldiers.

New York Central Train Crashes Into Party Near Erie, Penn.

By Associated Press Dispatch.

Erie, Pa., September 18.—Four persons were killed at North Springfield, near here, today when the auto in which they were riding was struck by a New York Central train.

The dead are: Mrs. Percy Seager, Mrs. K. Shipman, Miss Shipman and the colored chauffeur, all of Pittsburgh.

The women were killed instantly, and the chauffeur died five minutes after the accident.

Son of British Premier Is Slain in Battle on September 15th—Two Other Sons Were Wounded in the Dardanelles Campaign.

Allies Continue to Make Marked Advance on All Fronts.

(Associated Press Cable.)

LONDON, SEPTEMBER 18.—LEUTENANT RAYMOND ASQUITH, SON OF PREMIER ASQUITH, WAS KILLED IN ACTION, SEPTEMBER 15, IT WAS ANNOUNCED TODAY.

Asquith was in his thirty-eighth year. He was a graduate of Oxford, president of the Oxford Union and prominent as a member of the bar, to which he was admitted in 1904.

He was made a second lieutenant in 1914 and lieutenant of the Grenadier Guards in 1915.

Raymond Asquith was the eldest son of the Premier. Two brothers, Lieutenant Arthur Asquith, of the Royal Naval Reserve, and Herbert, were wounded in action at the Dardanelles in June, 1915.

MENACE DENIECOURT

(Associated Press Cable.)

London, September 18.—The new thrust by the French south of the River Somme, in northern France, where the important railway town of Chaulmes is their objective, has resulted in the complete encircling of the village of Deniecourt, the Paris War Office announces today.

Deniecourt forms the center of the wedge the French are driving into the German lines north of Chaulmes.

FURTHER PROGRESS

Further progress has been made by the French in this region, and heavy counter attacks by the Germans on the new French positions both north and south of the Somme have been repulsed, according to today's report, which said that the Germans sustained enormous losses, two battalions being nearly wiped out.

The French have taken 1,200 prisoners and 10 machine guns.

BRITISH PUSH ON

The British are keeping up their forward push north of the Somme, securing further advances at isolated points, apparently in operations to straighten their line and secure their hold on captured ground.

London today reports an appreciable advance on the left bank, where the British line has been driven further toward Le Sars.

MORE GIRLS GRADUATE BOYS ATTEND COLLEGE

By Associated Press Dispatch.

Columbus, O., Sept. 16.—An investigation conducted by Miss Caroline Breyfogle, dean of women at the state university, discloses that in high schools and colleges that came under her observation, many more girls enter high school than do boys, and that a still larger percentage of girls graduate. This condition is reversed however, when observation is made of colleges where the percentage of boys is much greater than that of girls. This latter condition is explained by the dean by saying that many girls get married after leaving high school, that many do not care to go farther at school but remain at home or enter some line of work, while in the case of daughters of farmers, many of whom do not yet believe in higher education for women, the girls are forced to remain at home or else work their way through school.

WORDS OF PRAISE FOR FERNEDING

Regarding the contest for judge of the Court of Appeals, the Springfield Sun in a recent issue says:

"Springfield and Clark county are interested as much, probably, in the contest for the seat on the court of appeals bench as in any other race. The contestants are Judge H. L. Ferneding, the Democratic member of the court, and Frank I. Brown, of Dayton.

Judge Ferneding has made an enviable record on this bench and, although a Democrat has received the endorsement of Republican newspapers and has associations in the district regardless of politics. He has proved himself an able jurist and has aided in bring the appellate court of this district to the attention of the entire state of Ohio. This court, composed of A. H. Kunkle of this city, J. I. Allread of Columbus, and Judge Ferneding of Dayton, has been called into more difficult and technical judicial work in the last few years than any similar court in the state.

Mr. Brown of Dayton, who opposes Judge Ferneding, has a long political record. He served as stenographer of the supreme court of Ohio for several years."

CAPACITY OF D. T. & I. FREIGHT DEPOT TO BE DOUBLED DURING FALL

Just as soon as the former passenger station of the D. T. & I. is moved to a point near the Union Station, to be used as an express office, the D. T. & I. will put a force of men to work building an 80 by 20 foot addition to the present freight house, or in other words, will double the freight capacity in this city in order to properly handle the road's increasing freight business at this point.

The new addition will extend from the north end of the present freight building to a point flush with the sidewalk on the south side of West Market street, and over part of the site now occupied by the vacated passenger station.

The freight offices of the road will be located in the northern end of the structure, and will be about 15 by 20 feet, while the remainder of the structure, 155 feet by 20 feet will be devoted exclusively to housing and handling freight.

When the extension is made it will give the D. T. & I. a freight capacity as large or larger than any other road in the city.

It is expected that the abandoned passenger station will be moved within the next week or ten days.

DIVORCEES MAY NOT BE ALLOWED TO WED

If the recommendation of a commission consisting of five Bishops, and an equal number of clergymen and prominent laymen of the Episcopal church are adopted by the General Convention which meets at St. Louis in October, it will be impossible for any divorced persons to be married by an Episcopal clergyman.

Hitherto the Canon law of the church has allowed an exception in the case of the innocent party in a divorce for adultery. But this exception was carefully guarded against abuse. Twelve months must have elapsed after the granting of the divorce, and copy of the Court's decree and record had to be submitted to the Bishop before any clergyman could officiate as such a marriage.

Notwithstanding these stringent restrictions the Commission is convinced that more rigorous action is necessary. Divorce is increasing by leaps and bounds, especially in the Western States. In the opinion of experienced lawyers collusion is widely prevalent, and it is becoming increasingly difficult to determine the innocence of either party to a divorce. It is therefore proposed to adopt new Canon absolutely prohibiting marriage in the Church between parties either of whom has a husband or wife living, and who has been divorced for any cause arising after marriage.—Xenia Gazette.

SEARCH FOR BREMEN

(By American Press)

New London, Conn., Sept. 18.—The ocean-going tug T. A. Scott, Jr., with persons on board supposed to be representatives of the Eastern Forwarding company, put to sea, presumably in search of the German submarine merchantman Bremen, which was reported off the coast heading for this port.

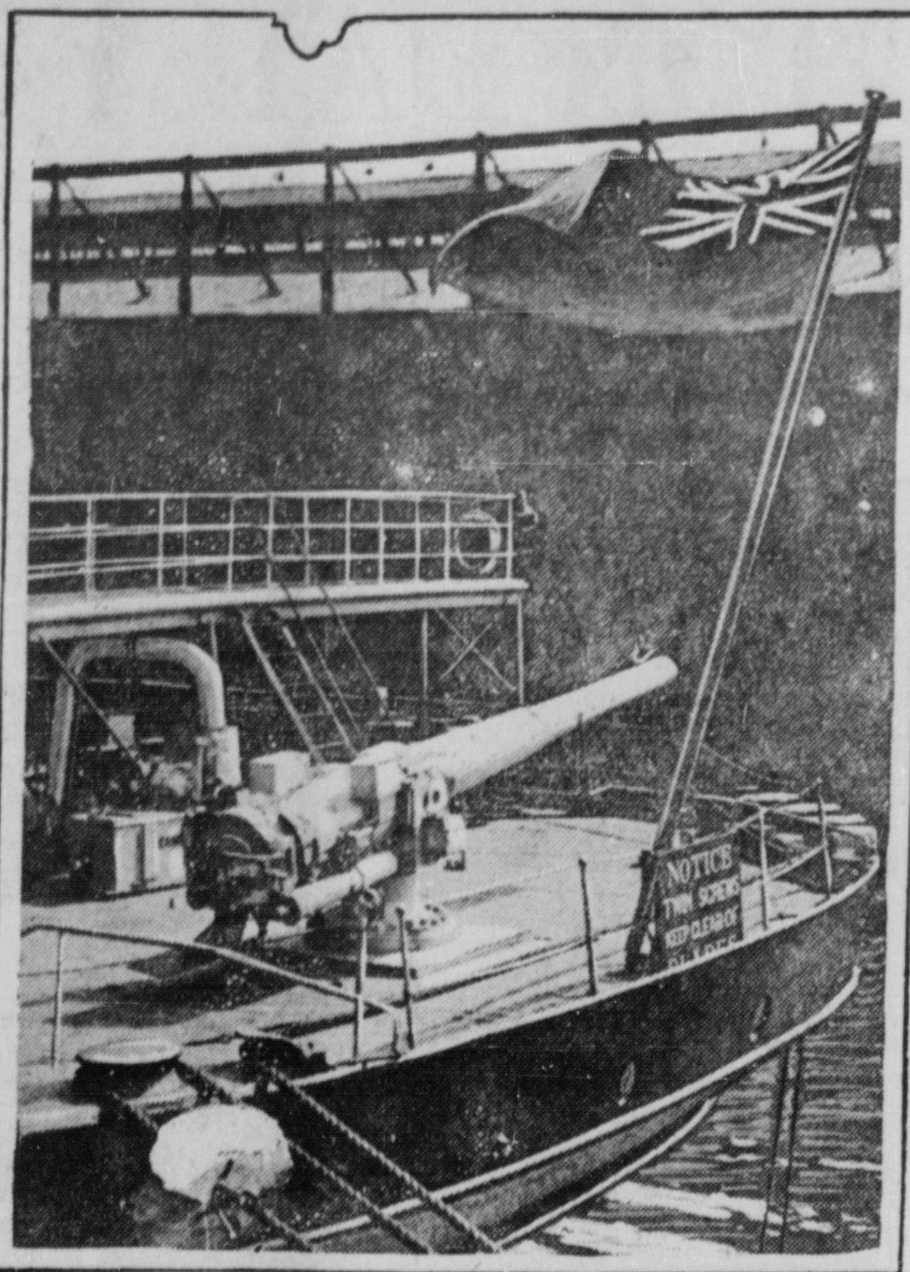

GERMAN SUBS ACTIVE

(By American Press)

Berlin, Sept. 18.—"During August," says an official admiralty statement "126 hostile merchant ships, totaling 170,679 tons gross, were destroyed by submarines of the central powers or by mines, and 35 neutral merchant ships, totaling 38,568 tons, carrying contraband of war to enemies."

FALL FESTIVAL AT CHILLICOTHE

Big Preparations Being Made in Ancient Capital for Annual Fall Event.

The Fourth Annual Farmers Fall Festival at Chillicothe is being held this week, September 18th-23rd. As everybody knows this is the original big week from which have since sprung Apple Shows, Corn Shows, and what not, all over Southern Ohio. This is the one big show where everything is carried out according to contract and to which there is no charge whatever. It is the biggest free thing in the United States today.

Never lagging behind but always introducing something new, the big show this year will have an exclusive "Made in Chillicothe" exhibit. One entire city block has been given over to the manufacture and display of products made entirely in Chillicothe. This feature alone promises to be one of the most unique ever presented at an open air exhibition. For instance shoes, paper, automobiles, pottery, vacuum cleaners, furniture, and many other articles for which Chillicothe is noted will be made in your presence or to use a common term "while you wait."

Another new feature this year will be an automobile pavilion 350 feet in length, devoted entirely to the display of automobiles and their accessories. The various manufacturers fought for space in this show and it promises to be equal to any auto show ever held in Ohio.

Of course there will be the usual number of parades, both day and night. It is expected to have the finest industrial parade ever given in Ohio. The manufacturers and merchants who realize what this great show is worth to them have engaged experts to make their displays and all are trying to out do the other. The fraternal parade this year also promises to be out of the ordinary, while the Farmers who are to have their own also aim to have more unique features than ever.

The celebrated "Bill Club," which has been one of the big features of the festival each year is to have a rival. The "John Club," which has been recently organized promises to show up the "Bills" but the first named are more than chesty for the biggest "Bill" of all, Buffalo Bill, is to be the guest of the "Bills", this year, and will be in Chillicothe on the second day. If the "Johns" can line up Rockefeller they will do it. Chillicothe is going to have a big week and as has always been the case the assurances are that the weather is to be ideal.

One of the real great treats of the Farmers Fall Festival this year will be the Henry C. Myerhoff Mid-

way Amusements in the city park. The committee took no chances and secured the very best. An investigation this week by the secretary of the association developed that the show is even greater than the first thought and the people of Chillicothe and their neighbors will be entertained with something out of the ordinary and not the old clatter known as Carnival companies. The Farmers Fall Festival this year will be held at Chillicothe Sept. 18th-23rd.

The Farmer's Fall Festival at Chillicothe has been the greatest advertising medium the city has ever had. To give an absolutely free exhibition for one solid week was something new in amusement lore, and the affair advertised itself like wild-fire. It is no wonder then that the demands for display exhibits has exceeded all former demands. The show this year will be better than ever. It is to be held Sept. 18th-23rd and it will be one gala week. If you have ever attended before you will want to come again. It is no longer necessary to coax. Everybody knows about this big week.

Have you ever seen the school exhibit at the Chillicothe Fall Festival? Perhaps you have overlooked it because it was housed up. Well this year you will see it, because 400 feet of out door space have been given over to it, and in this way all may see. You will be astonished to know what Young America is doing and it is not entirely the work of the city boy and girl for the country children are more than holding their own in this work. The Fall Festival is to be held week of Sept. 18th-23rd. Make your arrangement to be there at least one day.

The Farmer's Fall Festival at Chillicothe is the only exhibition in Southern Ohio where no entrance fee is charged for anything you may desire to exhibit. It is not confined to the county alone. If you have anything you think is worthy to show take it to Chillicothe and you will be given a place to show it and perchance win a prize. The merchants pay all the bills and are glad to have your interest in the matter. You know the week you see it every where. Sept. 18th-23rd.

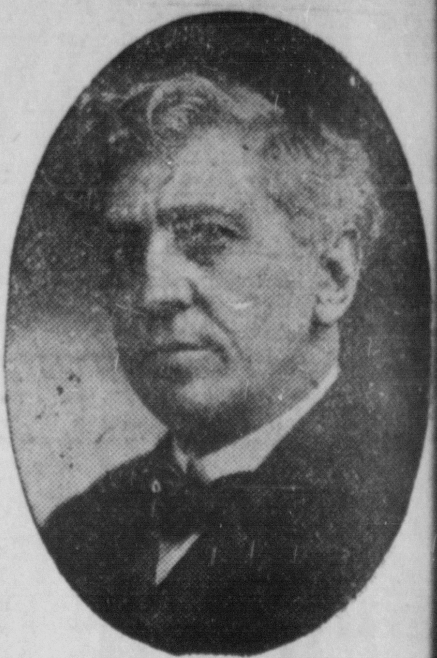

PROTECTION AGAINST DISEASE

Now, that disease of all kinds is so prevalent everyone should take the greatest precaution against germs. Killo is a germ killer. Use it wherever germs may collect. Use it freely in your bath water; sprinkle it on your dogs and cats; around your garbage pails; or where flies or mosquitoes collect.

Protect yourself and your family by using Killo. Price 15c and 25c per can. Ask your grocer for it. Also for Duffee's Cough Syrup, which will relieve you at once of a cough or cold. Price 25c for 6 oz. bottle.

PHENOMENAL KAN-KURA OIL

Many people are puzzled as to why the gums should heal so quickly after the extraction of teeth and just why it is that so little pain is suffered. In explanation Dr. Blankner wishes to inform you that twenty-five years ago he compounded a prescription which he calls the Kan-Kura Oil. When he extracts ulcerated teeth, where neuralgia has been present for a long time, he sells a bottle of this oil to his patients which costs 50 cents, to apply to the gums. For all kinds of pain, either externally or internally, it is the best bottled preparation you ever used. It requires no guarantee because it guarantees itself every time you use it. For violent headaches, ear ache, toothache, back ache, rheumatic pains of all kinds it can't be beat, for every drop of it is medicine. For sore throat, croup, cramps, dysentery, bloody flux, pleurisy, it acts like a charm. For a burn, either acid or fire, cut or bruise it has no equal. It is a remedy that some one every day in the family will have use for. You can only obtain it from Dr. Blankner in Room No. 32, Arlington Hotel while he is here or by sending the price to No. 212 Edison Ave., Detroit, Mich., when you will receive it by return mail. Price 50 cents per bottle.

Ask any one that has used it and they will tell you that it is the best preparation of its kind that they have ever used. There is not a family in Fayette county but what would have it in the house if they only realized its many virtues such as the writer knows them to be. Any time while the doctor is here you can come to room No. 32 and get a bottle. Many people that have bought a bottle have come back and obtained some as high as a half dozen bottles. This information is given so that you can avail yourself of it and wisely indeed will you act if you do. Take for instance Mr. Lloyd Price, who had out 28 teeth. His jaws and gums were in a state of chronic inflammation. He suffered a great deal of pain with his teeth. When he had his teeth out, the oil was used and he took a bottle and applied it to his gums several times and suffered scarcely any pain whatever. He had his teeth out last Thursday and called on Saturday and his gums looked as though he had his teeth out for a month. Surely this is enough to convince anyone of its virtue.

Mrs. F. A. Whitmer, R. R. No. 2, a more nervous woman it would be difficult to imagine and for years had been wanting her teeth out. Often she would make up her mind to go to a dentist and then her heart would fail her. She as well as her husband knew that her teeth were ruining her health. Her family doctor advised many times that she could never enjoy health until her teeth were extracted. She made the journey protesting all the way to her husband, saying she could not have them out. Well what happened when she sat down in the easy going rocking chair? Why she had out 25. A more happy woman you never saw. She was more than lavish in her praise of the work and said: God Bless the Doctor many times. Kan-Kura Oil was applied immediately after the teeth were out which relieved her of all pain, otherwise she would have suffered for hours and possibly for days because of the chronic inflammation in her jaws. Mr. J. R. Tharp, R. R. No. 5, hesitated in his journey but when he arrived had out 23, and said it beats all he had ever experienced. Mrs. Jerry Shoemaker, R. R. 8, came early and had out 12. Many more could be mentioned, but this is enough. Call on them and see what they have to say.

If afflicted in any way with a complicated chronic disease make a little journey to room 32 and meet the doctor in a heart to heart talk until Saturday, September 23. This is your week, which is the third that the doctor has been here. Last Saturday many telephone calls asking the doctor to extend his time as they wished to come in and see him. All of the doctor's work has proven more than satisfactory and he has surely had to deal with the very worst cases in the county which in itself is evidence of his efficiency and skill. Enough said. Office hours 9 a. m. to 8 p. m. Both phones.

Signs of Autumn

With the coming of frost and paw paws and the banishment of the straw hats we know that autumn is here and the long hot summer of 1916 is behind us.
It is more than likely that the latter days of September and October will bring us many beautiful fall days, but there will be, with each one of them, the cool evenings and the chilly nights and mornings, the shorter periods of light and the constantly increasing periods of darkness reminding us that the sun is well started on the journey south which will be continued until the month of December is two-thirds gone, when the sun will begin its return trip.
The summer of 1916 has brought its share of joys and sorrows to the people of the world, individually and collectively, as each season has done ever since man has dominated the earth and as it will continue to do long after the time on earth of the present generation has ended.
It is useless to recount any of the multitudinous blessings which this people and this nation have enjoyed. Peace and prosperity have been ours in abundance.
In passing it is well, however, for each individual to take account of the events of the past season and in the full realization of our blessings, forget the petty ills, the annoyances and reverses which concern only our small individual life and by word and deed give evidence that we are mindful of the larger plan which has dealt with this nation and this people so kindly and so generously.
It is a small mind which cannot rise above personal displeasure and comprehend and appreciate the blessings that have come to us as a nation.

The Prosperity Issue

Only in one or two instances, conspicuous in their isolation as exceptions, has the financial and commercial condition of the country failed to determine the result of presidential campaigns.
Almost without exception if the people are prosperous the party in power is continued in control of the affairs of the nation and if the contrary condition exists, almost without exception, the party in power is defeated and a new administration chosen by the voters.
Time after time "paramount issues" have been urged by the political party seeking to gain control but such issues proved unavailing to switch the majority of the voters from attaching controlling importance to financial and industrial conditions.
The present era of unequalled prosperity furnishes the candidacy of Woodrow Wilson for president its greatest strength and to Charles E. Hughes' candidacy its greatest handicap.
So far Mr. Hughes has been unable to find and urge an issue which will overcome the advantage which Mr. Wilson has in the industrial conditions, unless it is found in the multitude of the objections which are urged to the acts of the present administration.
Financial conditions in the United States were never more satisfactory than they are today. There is an abundance of money available and unlimited opportunity for investment in almost any line of industrial activity.
The prosperity of the nation is too wide spread and too deep seated to be accounted for wholly as the result of the conflict in Europe.
The "full dinner pail" has almost invariably proven effective in campaigns of the past. Whether it will be sufficient in the present campaign to carry the minority party to victory at the polls over an opposition supposed to be united, is subjecting that issue to its most severe test.

Charges Against Warden Thomas

The outcome of the hearing before the State Board of Administration to determine whether the charge that Warden Thomas of the Ohio Penitentiary has been guilty of extreme cruelty in his treatment of the prisoners in the big prison is awaited with more than usual interest by the people of the state.
Warden Thomas has been generally given a place with the foremost advocates of the more generous method of handling convicts. The charges therefore come wholly as a surprise to the people of the state and it would require strong evidence to convince them that the warden's conduct has been marked by cruelty to prisoners.
The charges are urged by incorrigibles among the prisoners and some of the statements they make both in the formal charges and in their testimony, seem entirely impossible.
If Warden Thomas is guilty of one-half the charges made against him then he is proven to be a veritable Dr. Jekyll and Mr. Hyde and should be removed for the reason that he would be far more harmful than an official who made no pretense. If not guilty he should be given a pronounced certificate of innocence.
The Board of Administration once into the investigation must go on to the end and without any equivocation settle the unpleasant controversy and remove all doubt as to the truth or falsity of the charges.

Poetry For Today

RESPONSIBILITY.
When things go right
A world polite
Extends a wreath of glory
And men with glee
Contend to be
The hero of the story.
From far and near
The cry you hear—
"Twere useless to forbid it—
On every hand
In accents grand,
"I Did It!"

When things go wrong
Another song
Is suddenly arising
And men lay down
The martyr's crown
With promptness all surprising
They do not pause
For the applause.
Their pride, long since they've hid it:
Each shift the blame,
As all exclaim,
"He Did It!"

CAREFULLY SEARCH ALL WHO LEAVE GERMANY

Ears, Nose, Teeth and Toes Are Closely Examined For Information.

Copenhagen.—Every one who leaves Germany by way of Warnemunde for Denmark is stripped. Ears, nose, teeth and toes are examined to see that no information or plans for the enemy are being carried out. Reichstag members, wives of officials, correspondents and laborers are treated the same.

When travelers leave the train they enter a small wooden shed, resembling a temporary bathroom at an American beach. Here the passports are taken away and examined. The holders are given numbers.

When the passport of a traveler is inspected he is called into another room, where he is questioned about the object of his journey. From here the wayfarer goes into a large room where baggage is examined, while detectives stand in front and back to see that nothing is slipped by.

Every scrap of paper or cardboard is taken away, even wrappings and paper lining to boxes. Cotton is removed from medicine bottles. Cigars are examined, some are cut open; chocolate in sealed packages is opened, the wrapping destroyed and half the chocolate is broken up into bits to see that nothing is hidden.

Shoes with new half soles are opened. The searcher feels everything, examines canes to see if they are hollow, opens umbrellas and holds every collar up to the light to see that nothing is written on the lining.

STRAIGHT TALK

(By American Press)

Steubenville, O., Sept. 18.—Bishop William F. Anderson, Cincinnati, in a sermon on world conditions before the Northeast Ohio Methodist Episcopal conference here, charged "conscienceless and ungodly monarchs" with the responsibility for the European war, declaring it an unforgivable war and an outrage against Christianity. He said extreme militarism was a crime against humanity and its fosterers be longed to pagan ages. He approved the neutrality policy of the United States and favored preparedness to prevent national injustice.

DRUGGISTS MEET

(By American Press)

Indianapolis, Sept. 18.—Two thousand druggists from every state in the Union are in attendance at the National Association of Retail Druggists here today. The convention will continue until Sept. 22. The talk of the druggists is chiefly of the enormous increase in the price of many drugs since the European war broke out.

AMBUSH POSSE

(By American Press)

Miami, Fla., Sept. 18.—Four bandits who robbed the state bank of Homestead, Fla., ambushed a posse pursuing them in the everglades south of here and killed two men and wounded two others. After the encounter they were trailed into a dense swamp. The men killed were C. Anderson and Allen Anderson.

TRAIN KILLS SIX

(By American Press)

Quakertown, Pa., Sept. 18.—A party of six automobilists, all from South Bethlehem, Pa., were killed when their car was struck by a train at a railroad crossing near here. The victims were William Hunsicker and his wife and J. A. Kneff, his wife and two children.

THREATEN PROSECUTIONS

(By American Press)

New York, Sept. 18.—Joseph Hartigan, city commissioner of weights and measures, announced that criminal prosecutions will be started against all bakers, grocers, delicatessen storekeepers and others who fail to state the correct weight on packages of merchandise offered for sale.

"Old Tanner" of Bronxville Left Piano Secret to Sons.

White Plains, N. Y.—The will of the late Frederick W. Kraft, known as the "old tanner" of Bronxville, who left an estate estimated to be worth close to \$500,000, was filed for probate with Surrogate Sawyer at White Plains.

Mr. Kraft, who was eighty-one, held the secret process for the manufacture of high grade leather, which is used in piano keys. The secret was imparted to his sons, William F. and John Kraft, before his death, and after leaving them the bulk of his fortune he requests them to continue the leather business in Bronxville. After leaving his grandson, William Dinmore Kraft, his gold watch and all his valuable diamonds, the decedent bequeaths \$2,000 to Frank Galloway, described as "the young man I raised."

MAYOR LEADS IN BIRD WAR.

Poughkeepsie's Executive Gets Hunters to Shoot Starlings.

Poughkeepsie. — To exterminate a flock of blackbirds and starlings which have disturbed the morning repose of the wealthy residents Mayor Daniel W. Wilbur led a band of twelve hunters against the birds at sundown.

Armed with shotguns and rifles they attracted several thousand persons, and the police reserves were called out to keep the spectators at a safe distance.

"Colonel Roosevelt has nothing on us when it comes to hunting, I guess," said Mayor Wilbur, standing in his auto directing the attack. "There is no law protecting blackbirds and starlings, and the war will be continued until the last bird is killed."

Soon after the firing began one of the hunters killed two robins. The hunter was deprived of his license on the spot and will be prosecuted by the local game protector.

A.M.E. CONFERENCE COMES TO AN END THE ASSIGNMENTS

Rev. Haithcox Returned to This City—Several Changes Made Hundreds Attend Closing Sessions Sunday—Total Membership Is 4,692.

One of the most pleasing sessions in recent years of the annual Ohio A. M. E. Conference came to a close in this city Saturday night, when appointments were read by Bishop C. T. Shaffer. Rev. J. O. Haithcox was returned to this city, where he has been doing a splendid work.

All pastors and delegates were thoroughly delighted with the manner in which they were entertained in this city, and expressed the hope that they would again meet here at some not distant date. The eighty-seventh session will be held at St. Paul's Church, Columbus.

Sunday colored people from all over the Conference districts flocked to this city, and several hundred thronged Memorial Hall for the various services, and to dine. A feature of the day was a sermon by Dr. J. M. Henderson. Dr. Hill of Wilberforce, delivered the afternoon sermon.

Sunday afternoon three elders were ordained and admitted to full conference connection. They were: James A. Charleston, Circleville; J. N. Blackwell, Sabina, and I. E. Steady, native of Africa. W. H. Sipes, of Columbus, was ordained deacon. Six young men were admitted to the conference on trial.

Reports showed a substantial increase in membership during the year just closed, and the total membership of the conference is now 4,692, divided up with 2477 in the Cincinnati District and 2215 in the Columbus District. The financial condition of the church also was reported exceptionally good.

Pastoral assignments for the coming year were made as follows: CINCINNATI DISTRICT

CASES DISMISSED IN MAYOR'S COURT

The charges of bootlegging, filed against Isaac Jackson and Jennie Powell, by State Liquor License Commission inspectors, were dismissed, Monday morning, when the hour for hearing passed and the prosecuting witnesses failed to appear.

It is understood the prosecuting witnesses were the two colored men who told widely different stories in the Elder case, which was dismissed.

EXTRA FANCY PORKERS SOLD

Included in a bunch of extra choice hogs sold by Hon. J. M. Willis, to Frank DeWitt, a few days ago was the pig which took the first prize in the Boy's Pig contest at the Fayette county fair, and the animal although only six months and one day of age, tipped the scales at 280 pounds, and was an eye-opener to a great many hog raisers, indicating what can be done with feeding and attention.

The bunch was made up of 120 of the highest grade hogs ever leaving the county, and were marketed in Pittsburgh.

B. & O. COMPLETING FILL FOR PARKING

The B. & O. is completing the task of filling in the ground immediately east and southeast of the Union Station, or rather east of the driveway to be constructed from Paint to Temple streets, so that beautiful grass plots and shrubbery may take the place of the depressions filled with cinders.

Not only will beautiful grass-plots be made between the platform along the B. & O. tracks from Hinde street to near the union station, and east of the driveway, but on both sides of the express office south of the union station grass plots will add to the beauty of the place.

SAMUEL EYEMAN DIES AT 83 YEARS

Mr. Samuel Eyeman, widely known resident of the White Pike, Wayne township, died at the home of his brother, Allie Eyeman, Sunday morning at 12:15 o'clock.

He was a veteran of the civil war and funeral services will be held at Memorial Hall, this city, Tuesday afternoon at two o'clock, under auspices of the G. A. R. Rev. Wilkin, of Fairview, will preside. Burial in the Washington cemetery.

FAYETTE LEADS WITH PORKERS

Fayette county is now champion hog county of the state of Ohio. This announcement has just been made from statistics given out at Columbus, and the number of swine accredited to Fayette as shown by the assessors' returns is 58,474. Only six counties pass the 40,000 mark in number of hogs.

Fayette's gain has been a big one during the past two years, and is probably due in part to the state work done here two years ago, and the education derived from the work, followed by a general campaign of vaccination to prevent cholera.

The total number of swine listed in Ohio this year is given as 1,728,698, or a decrease of 243,947 under last year.

The figures for the year show 1,684,041 head of cattle; 34,425 mules; 1,497,568 sheep; 882,416 horses, or 8,824 less than last year.

Cattle show an increase of 1,684,041 over last year.

High prices are expected to increase the number of swine in Fayette county to near the 65,000 mark by next year.

HOME COMING AT SUGAR GROVE

The first large gathering held in the basement of Sugar Grove church completed with handsome dining room, and convenient kitchen, some months ago, was the "Home Coming" of Sunday.

It was a memorable day of meeting and social pleasure, many former residents of that section driving from miles away to join with their old time neighbors in enjoying the new quarters and their wonderfully complete equipment.

A hundred were seated at once and the dinner was as sumptuous a feast as could be desired, with such quantities of fried chicken, home-made cake, etc., that there was great temptation to gormandize.

It was the middle of the afternoon before social visitors ceased in order to hear one of the finest temperance speeches ever delivered in that section by Mr. Wm. J. King of Annapolis, Md., who is home for a visit. Mr. King is a fluent speaker and has been in the midst of a temperance fight in his own state. He spoke on "Nation Wide Temperance."

In Social Circles

Mrs. Fred Short gave a beautiful birthday party for her seven year old daughter Romona, Saturday afternoon.

Twenty-five little girls spent a very happy afternoon, grouped around the fair young hostess wearing a pretty white frock, with blue ribbons. They sang, danced and entered merrily into various games.

The crowning joy of the day was the birthday cake with pink candles and the tempting luncheon, the white and pink color scheme carried out in the ices and candies. A big basket of pink and white cosmos, the handle tied with pink, formed the table center piece.

A number of birthday gifts were received.

Assisting Mrs. Short were Mesdames Sherrill Clark, Charles Johnson, Al Martin and Miss Edith Blackman.

Complimenting Miss Ruth Wilson, daughter of Mr. Alonzo Wilson, who weds Mr. Newman Powell, of Athens, on Wednesday of this week, Mrs. Herbert Cockerill charmingly entertained at her country home, the young women of the Golden Rule Circle.

There was a full contingent of club members present and a few additional guests numbering about twenty-five.

Asters and salvia were artistically used in decoration and an elaborate collation served, Mrs. George Porter assisted the hostess.

The bride-elect was presented with a set of orange spoons by the class.

A dozen girls of the "Class in the Corner," of the First Presbyterian Sunday school were indebted to their teacher, Miss Rose McLean, for a delightful afternoon, Saturday.

The girls chatted over their fancy work, enjoyed the elegant luncheon served and the pretty autumn decorations.

Mrs. Frank S. Jackson, their former teacher, was also present.

Mr. Harry Lemons was given a highly enjoyable birthday surprise by his wife, Saturday evening, in honor of his thirty-fourth natal anniversary.

Twenty-five relatives and friends gathered bringing generously filled baskets for a picnic supper at eight o'clock.

The lawn was lighted with Japanese lanterns and the dining room bright with the illumination of Aladdin's lamps.

The table presented a pretty picture, with huge birthday cake, on which blazed 34 red candles in red rose bud holders, and vases of red and white cosmos.

The evening passed merrily, the guests departing at a late hour.

wishing Mr. Lemons many happy returns of the day.

The home of Mr. Thomas Kearney was the scene of a delightful family reunion Sunday when all the children, except one son, A. W. Kearney, assembled for a picnic dinner.

Those present were Mr. and Mrs. Wm. Kearney, Mr. and Mrs. Chas. Kearney and two children; Mr. and Mrs. Pearl Lemons and two children; Mr. and Mrs. James Bogard and four children; Mr. and Mrs. Roy Thompson and two children, Mr. and Mrs. Chas. Minear, Miss Jeanette Kearney.

After a splendid dinner pictures were taken which will be valued souvenirs of the occasion.

Quite a great deal of pleasurable surprise was occasioned among the wide circle of friends of Mr. Horatio Wesley Wilson, son of Mr. and Mrs. W. W. Wilson, and Miss Luva Marie Myers, charming daughter of Mr. and Mrs. William Myers, of South North street, when it became known that the two young people were married in Newport, Kentucky, on the ninth of last month, and had kept the wedding secret.

Mr. Wilson is an estimable young man who has been engaged in the fence business with his father and brother, and Mrs. Wilson is an attractive young woman with many friends who has been working in the office of Dr. O. C. Moon, and who resigned her position there Monday.

Within a short time Mr. and Mrs. Wilson will go to housekeeping in the Dalbey property on Washington Avenue.

Tiffin, O., Sept. 18.—The eyes of every Knight Templar in Ohio will be turned toward Tiffin on October 11 and 12. The Grand Commandry, Knights Templar, of Ohio will meet here then for the seventy-fourth annual convocation.

Extensive preparations have been under way for the entertainment of ten thousand visitors. A big Templar parade will be participated in by thousands of Knights Templar.

The parade will be held October 11. This event will signal the opening of the convocation. At least 5,000 Knights in uniform will take part. It is planned to make the parade a pageant of more than ordinary beauty. Thirty commanderies will march as commanderies. There will be twenty bands in line.

After the parade, which will take in the most important streets of the city, the knights and bands will be massed and will pass in review before the Grand Commandery officers.

A court of honor to be erected on the public square will take the place of a reviewing stand. A Triumphal Templar arch will be erected and the streets will be illuminated with thousands of electric lights.

FROST TONIGHT

Another Frost is scheduled for tonight, according to the weather man.

Reports still coming in from Saturday morning tell of ice nearly as thick as window glass in several parts of the country, and the frost predicted for tonight is expected to be fully as heavy as that of Saturday night.

DEATH AFTER LONG ILLNESS

Seth Low, Former Head of Columbia, Passes Away.

HAD AN EVENTFUL CAREER

Served Three Terms as Mayor of Brooklyn and New York and Was For Eleven Years President of Columbia University—Known Throughout the Country as One of the Leading Figures of New York City Life.

New York, Sept. 18.—Seth Low, former mayor of New York and one-time president of Columbia university, died at his country home, Broadbrook Farm, Bedford Hills, N. Y., at the age of sixty-six years.

His demise followed an illness of several months of a complication of diseases.

Mr. Low was twice mayor of Brooklyn, once mayor of New York and for eleven years was president of Columbia university. In each of these offices he became distinguished for public service and he was known throughout the country as one of the leading figures in New York city life.

Born in Brooklyn Jan. 18, 1850, he came of a long line of tradesmen and men of culture. His father, Abiel Abbott Low, founded a big business in the importation of tea and silk in New York and at one time had a fleet of more than a dozen clipper ships engaged in the China trade.

Young Low was educated at the Polytechnic Institute in Brooklyn and then at Columbia; from which he was graduated in 1870, at the age of twenty. In college he had been distinguished both as a student and an athlete.

On leaving Columbia, Mr. Low went to his father's business house, entering as a clerk and traveling all the grades until he was finally head of the firm. In the meantime he became greatly interested in public life, particularly in Brooklyn charities. He was elected mayor of Brooklyn in 1881, re-elected in 1883, and in his fortieth year was chosen president of Columbia university. Through his influence many large gifts of money were attracted to the university, and he himself gave \$1,000,000 for the erection of the stately library building, which is a memorial to his father.

In 1900 Mr. Low ran on a reform ticket for mayor of New York city and was elected. He gave the city a clean and progressive administration along the lines which he had successfully introduced years before in Brooklyn. In addition to the public service already noted, Mr. Low held innumerable quasi-public office.

MISSING BOY

(By American Press)

Brooklyn, Sept. 18.—Little Robert Allen Striker, kidnaped from St. Petersburg, Fla., Dec. 12, 1914, is six years old today. If he is still alive, his mother, Mrs. William C. Richter, who married again after the death of the father, is still actively prosecuting the search for her boy and is today in San Francisco running down a supposed clew. Her home is in Brooklyn. Five hundred dollars' reward is offered for the boy or reliable information about his fate.

According to relatives and friends, interviewed today, the family think the most positive trace ever gained of "Bobby," as he was called, came from a Canadian named Delo, who was on a train bound for Fort Worth, Tex. He overheard a party of three men and a woman discussing the case and mentioning Mrs. Richter's name. In his efforts to hear more Delo aroused the suspicions of the party and they managed to eject him from the train in Oklahoma.

Delo's story would lead one to believe that the child is, or was, hidden in Texas. Mrs. Richter is now investigating the story of a California woman who read about "Bobby" in a story sent out by a news service and wrote the mother saying the description fitted a boy she knew exactly.

Tokyo, Sept. 18.—A sensation has been caused in Japan by the refusal of three members of the house of representatives to accept decorations conferred on them by the emperor in connection with the campaign against the Germans at Tsingtau. The reason given in each case is that the decorations and rewards for this campaign have been distributed with reckless profusion. Takekoshi writes that at Tsingtau there were only 6,000 Germans and there were employed against them, including the naval forces, 60,000 Japanese, and 120,000 rewards have been granted for the campaign. Not only were army and navy men decorated, but politicians and thousands of officials who had no connection with the war.

NEW PLANS

(By American Press)

London, Sept. 18.—Following the example of Russia in keeping Archangel open for a much longer period than was formerly the case, Sweden has decided to make use of powerful icebreakers at its northern ports, near which most of the sawmills and a large number of iron and electrochemical works are situated. Hitherto the traffic in winter time has gone via Norway, but it is hoped now to divert this through national channels. A new Norwegian company has just been formed to maintain a service between the east coast of England and the Kara sea during the open navigation season, and shipments from the United Kingdom will consist chiefly of machinery.

POZIERES IN THEIR HANDS, BRITISH HOPE TO EXTEND THEIR LINES TO BAPAUME

In their recent advance by a vigorous offensive launched north of the Somme the French captured German trenches on a front of nearly four miles from Combles to the Somme river. They pushed their lines to the Bethune-Bapaume-Peronne high road, which they touch from the southern outskirts of Rancourt to Bouchavesnes. The village of Bouchavesnes was reported captured by the French. The important town of Combles is practically cut off. The dotted line shows the approximate extent of the advance.

The signboard in the photograph is that of the French attack. Pozieres is their great objective as Peronne is that of the French attack.

Women Members and Their Male Confederates Said to Have Fleeced Their Prey Out of More Than a Quarter of a Million Dollars—Arrested at Chicago, They Will Be Taken to Philadelphia For Trial.

Chicago, Sept. 18.—Charged with using the beauty of their women members and the fascinating powers of their male confederates to mult wealthy men and women out of more than \$250,000, eight members of an alleged blackmail gang are in custody of federal authorities here and will be taken to Philadelphia for trial.

The band, including five men and three women, were arrested in a raid by department of justice officials on a fashionable South Side apartment hotel.

They are accused of fleecing men and women of social prominence in Chicago, Baltimore, New York and Philadelphia, through organized efforts. Their scheme, according to Hinton G. Clabaugh of the department of justice, was to compromise their victims and then blackmail them.

Impersonation of department of justice officials is another charge against the men. They are said to have used the charms of their women confederates to win attention from rich men and then to have threatened their victims with prosecution under the Mann act.

Those arrested gave the names of Henry Russell, Edward Donahue, Helen Evers, Mrs. Frances Allen, Mrs. Edward Donahue, James Christian, Frank Crocker and George Bland. George Irwin, alleged director of the group, is still at large.

The chief charge against the band is the alleged kidnaping of Mrs. Regina H. Clifford of Philadelphia, one of their alleged victims and wanted as a government witness. She was spirited away to Canada, it is charged, at the time she was wanted to testify against the band.

"The chief offenses charged against the band occurred in Philadelphia, and for that reason they will be taken there for trial," said Clabaugh. "They will be arraigned for preliminary hear-

ing here tomorrow and will be started for Philadelphia immediately afterward."

Clabaugh said there were fifteen known victims of the gang and that the amount obtained from these victims will reach probably \$250,000. Forty thousand dollars was obtained from one person and \$35,000 from another, Clabaugh said.

During the raid, which had been carefully planned for many weeks, an elaborate opium outfit was found in one of the apartments raided.

GOOD "EATS"

(By American Press)

Columbus, Sept. 18.—Though prices of bread, potatoes and meat, the chief articles of food at Ohio penitentiary, have increased greatly during the summer, no change in the fare of prisoners or in the expense limit for each meal is contemplated, said Warden Thomas. More than 900 bushels of wheat were raised on the prison farm this year, and this will do much toward furnishing the flour supply. The average cost of a meal for each prisoner is 13 cents. The daily cost of feeding the prisoners is \$663.

IN CRASH

(By American Press)

New York, July 18.—Five persons were killed, two probably mortally injured and four others less seriously hurt when an automobile in which they were riding crashed through a guard rail on a bridge across the Harlem river. The dead are: Mrs. Mary Newman, Miss Lillie Wilson, Hyman Hankle, Carl Spangenberg and Thomas Hart, all of New York city. Miss Mae Hart and Francis Kane are not expected to live.

The five who lost their lives were hurled from the bridge to the roadway, twenty-five feet below, while the others were crushed under the wreckage of the car. According to the police, Hair, a chauffeur, took the automobile from a garage without permission of the owner, and invited his friends for a drive.

GLORIA'S ROMANCE

SYNOPSIS.

Pierpont Stafford, banker and railroad magnate, with his sixteen-year-old daughter, Gloria, is wintering at Palm Beach. Gloria is a vivacious but white young lady who chafes under the restraining hand of a governess from whom she repeatedly escapes. Her childish capers cause young Doctor Royce to fall in love with her. She steals from her room at night and in an auto plunges into the surf where she leaves the car. Becoming lost in the everglades she falls into the hands of the Seminole Indians. She is rescued and returned to her father who had offered a reward for her return. Gloria falls in love with her rescuer, Freneau. Five years later she leaves school and meets Freneau at the theater; his attention having been occupied with her sister-in-law he has forgotten Gloria. Gloria feels that her one dream is shattered. Later Freneau persuades her to forgive him. Gloria's sister-in-law, Lois, becomes intensely jealous and Doctor Royce discovers in her an ally to assist in thwarting Freneau. Doctor Royce warns Freneau that there is another woman besides Gloria; Freneau goes sleighing with Gloria without her father's knowledge. He results in pneumonia for Gloria, whose family becomes incensed at Freneau when they learn the truth. Royce is summoned to alleviate Gloria's suffering. Freneau's finances being low he approaches Pierpont Stafford for a loan. Doctor Royce again warns Freneau of his conduct. But Lois, learning of Freneau's betrothal to Gloria, threatens him with dire punishment. Her husband, Gloria's brother David, becomes suspicious; he plans a trap for his wife. Freneau driven to desperation by Lois' threats agrees to spend a week with her in the Catskills. He plans to have Molly send Gloria a bunch of telegrams. Lois' husband threatens to kill a man. After Freneau takes leave of Gloria she sees from her window an attack made upon him when he goes to meet Lois.

"But, oh, Stephen, go over there now at once. Bring him back here dead or alive and tell me the truth! I promise to be brave, but tell me the truth—tell me the truth!"

Her sobs choked her now so that she fell back exhausted on the pillows.

Doctor Royce did not go to her. He was at the window, staring through the binoculars. He seemed to be greatly astounded, then he said: "I can see the place perfectly; there is nothing there."

Gloria screamed: "But I saw him killed; I tell you! He must be there!"

Doctor Royce handed the binoculars to Mr. Stafford.

"Mr. Stafford, do you see anything?"

Pierpont stared through the glasses and shook his head:

"Nothing."

He passed the glasses to Miss Richards. She also shook her head, then exclaimed: "A policeman is coming up the drive—he is passing right across the spot—he didn't stop!"

Gloria saw this herself and wondered if she were truly mad. Doctor Royce turned to Gloria, stroked her hand, and spoke to her gently.

"There, there, Gloria, child, don't torture yourself so. You have simply been delirious and imagined these things. But, to satisfy you I will go over there at once—if you will promise to lie quietly here on your bed. And try to believe that it is all a hideous nightmare—until I come back to assure you that it is—will you?"

Gloria nodded her head to him, unable to speak, but it seemed to Richards that the doctor's assurance had no effect upon her and that she held herself in leash only until she could get him out of the room.

Then she turned to Miss Richards, sobbing: "Hold me, Miss Richards, hold me up quickly to the window—first give me the glasses. I must look again."

Together they strained their eyes towards the monument. She felt every nerve and muscle of Gloria's body taut strung beneath her hands. And she likened it to a bow. Gloria's soul was the arrow and it was ready at any moment to speed on its swift and terrible journey.

She felt the agony as if it had been her own. The not knowing was the most terrible part of it, for Richards seemed to feel more bewilderment than the girl herself. Her instinct and the girl's conviction seemed to point to the truth of Gloria's vision; yet her common sense told her that such a thing was almost impossible, and that Gloria's fever would fully account for it all.

They watched the monument. The doctor appeared there shortly and walked about the empty spot, signaling to the window what he had said before.

"There is nothing here—nothing." And then Gloria began to mutter:

PLUNGING DEEPER INTO LINES

Allies Make Additional Gains In Somme Sector.

SEVERAL VILLAGES SEIZED

Heavy Counter Attacks Repulsed With Great Losses to the Germans. According to the British Report. Bulgar-Teuton Forces in Pursuit of Russians and Roumanians—Czar's Legions Begin New Offensive.

London, Sept. 18.—The French and English armies, continuing their offensive on each side of the Somme river, have captured enemy positions four miles in length.

In addition, quantities of war material and a number of prisoners fell into the hands of the entente allies, 700 prisoners being taken by the French. Heavy counter attacks against the British were repulsed with large losses.

Near Thiepval the British took a fortified position—over a front of a mile known as "the Danube trench," near Courcellette, an advance of about 1,000 yards was made, and finally the strongly defended position at the Mouquet farm, over which there had been numerous hard fought battles for several weeks, fell into their hands.

To the south of the river the French pushed back the Germans and occupied the remainder of the town of Berny still in their hands and also captured all the ground between Vandevillers and Denicourt and between Denicourt and Berny, the gain being over a front running northeast two miles and thence east another mile.

Hard fighting, with the Russians the aggressors, has been resumed from the Pripiet marsh region in Russia through Galicia and up in the Carpathian mountains. Berlin and Vienna claim the repulse with heavy casualties of Russian attacks on a front about twelve and a half miles in the region west of Lutsk, in Galicia north of Zborow, near Stanislaw and in the Carpathians at several points.

Near the Marajowka river, however, Berlin admits that the front of Archduke Charles Francis was pushed back by the Russians a short distance. Petrograd records an advance for the Russians south of Brzezany, southeast of Lemberg, and the capture of more than 3,000 prisoners.

Bucharest reports the occupation of additional towns in Transylvania, while both Berlin and Sofia assert that the forces of the central powers in Dobrudja are still in pursuit of the retreating Roumanians and Russians.

Further progress for the entente allies on the Macedonian front and by the Italians in Albania is recorded in the London, Paris and Rome communications. Kavala, on the Aegean sea, which is held by Bulgarians, is under bombardment by the entente fleet.

In the Carso region of the Austro-Italian theater the Italians, in their quest of Trieste, have won strong positions from the Austrians in sanguinary fighting to the southeast of the Doberdo height.

WILL MAKE PROGRESS NOW

American-Mexican Commissioners Resume Sessions.

New London, Conn., Sept. 18.—Both American and Mexican members of the joint commission studying the international questions growing out of Mexico's years of revolution are confident that material progress towards a mutual understanding will be made this week, but an early agreement upon a program for the maintenance of order along the border is considered improbable.

The Mexican members returned from New York, where they spent the week-end. Secretary Lane, Judge Gray and Major General Bliss, here in an advisory capacity, went to Newport on the yacht Sylph.

An effort probably will be made by the Americans to confine the discussions this week to subjects related to Mexico's internal affairs, and it is not believed the Mexican representatives will offer serious objection. To advise with them on this subject and others touching upon the status of Americans in Mexico, it was said that the American commissioners had requested that Counsellor Polk of the state department be sent here.

RUN ON BANK IS PRACIPITATED

Panicstricken Foreigners Demand Their Deposits.

Chicago, Sept. 18.—Russians and Poles in Chicago's West Side foreign quarter, panic-stricken by failure of several private banks, jammed and fought their way into a state bank in that district and created a run on the institution. The bank was that of Schiff & Company, which has more than \$2,500,000 in deposits and is believed to be absolutely solvent.

Police protection was asked. More than \$50,000, mostly in savings accounts, had been withdrawn when the bank closed. Samuel S. Schuster, cashier, announced there is plenty of money on hand and that all depositors who wish will be paid.

Schuster blamed the run on the excitement caused by the crash of the Silver & Company, Michael Michniuk & Sons and the M. Ginsburg & Sons, private banks, within a few weeks. "Our institution is absolutely solvent," he said, "but we are powerless to avert what is happening."

Schiff & Company's bank, one of the largest on the West Side, has 15,000 depositors. It was founded in 1822 by Benjamin J. Schiff, now its president, and has been a state bank since Dec. 15, 1915.

High Tide.

The feminine naivete that is so amusing to the nautical man has a good illustration in this question asked by a young woman who saw a monitor lying at anchor in Boston harbor. She turned to her escort and said: "What makes that boat lie so low in the water? Is it high tide?"—Sailors' Magazine.

ATHLETICS

WIN FINAL

WITH EASE

Clintons of Wilmington Humbled and Defeated By the Mighty Diamond Stars From Washing- ton.

Rival Team Was Never in It at Any Stage of the Great Con- test.

Well, it's all over, and Washing- ton is the winner of the series.

Chesty Wilmington is humbled and meek.

Washington started with the best team. Wilmington imported and put over the fourth game but Washington came right back and finished with the best team.

This is the story that will never grow old—the story of yesterday's defeat of the Clintons bold.

Washington was first at the bat. Gleich singled; Corwin sacrificed. Gleich was cut off at third trying to stretch his opportunity. Kelley fanned. No runs, but the specta- cular base running had its effect.

Wilmington in the first. McCall walked—four wild ones. McClin- tock walked—four more wild ones. Shrimper was given two wide ones and then fanned. McGraynor seem- ed unable to touch the plate, his first ten balls pitched were badly off. Then he got the range correct- ly and from that time on the "Noth- ing Doing" sign was displayed in big letters. Nesser, the big center gardner and acknowledged slugger strode to the plate bat in hand, to save the game right then with two on and none out. The fans went wild with glee but the best Nesser could do was to pole a long fly to Adams in right for the second out. Novak, another mighty slugger, fanned out. The two occupants of the sacks were frozen when they were on first and second.

After that the Clintons were never dangerous and were eating out of McGraynor's hand for the balance of the session.

Three little measly hits, two of which were scratches, were the sum total of their work with the willow. No other bases on balls were donat- ed.

Washington opened hostilities in the second. Riley, first up, binged one of Curt Free's choice offerings over the tops of the autos in right center easily making the circuit. The next three men went out in order. But Wilmington was dazed and stunned. After that it was only a question of how much it would be.

In the third Washington scored one. After two were out, Gleich landed his second hit, stole second, scoring on Corwin's hit past third.

In the fifth another was added. B. Towell, out on a spectacular catch of a line drive by Nesser. Grandie singled; McGraynor singled; Gleich slugged one, forcing Grandie at third—two out and first and second occupied. Corwin singled, scoring McGraynor.

In the seventh was added six to their run column. Kelly led off with a double. Riley out, second to first; Adams singled, scoring Kel- ly. Lewis safe on an error at first. E. Towell drew a base on balls. Grandie singled scoring Adams. Free quit cold at this point and Heiron- amus was called to the mound from right. Pohlmeier going to right.

"Hi's" second offering was land- ed on by McGraynor and it was wafted over the tops of the autos

in right for the circuit netting three tallies. The next two men, Gleich and Corwin were out, but the in- ning netted six runs.

Free was touched up for 11 clean bingles in 7 1-3 innings.

Washington had the fastest line up of its history on the diamond. Everybody starred too.

Wilmington broke over Sunday a week ago and signed up a herd of outsiders. Washington was game and came back with a few new com- ers for the final and poling the per- simmons too—that's the best of it.

The same teams play here next Sunday and at Wilmington the fol- lowing Sunday, but the inter-city championship belongs to Washing- ton.

More than 1500 people paid to see Sunday's contest.

COMING IN?

Lookouts Report Sub- marine Approach- ing New London, Conn., Harbor.

By Associated Press Dispatch.

New London, Conn., September 18

--The submarine reported approach- ing New London late last night, which was believed to be the Ger- man undersea merchantman Bre- men, was an American craft return- ing from manoeuvres, it developed today with the return to port of the ocean-going tug T. A. Scott, Jr.

The Scott, which last night was said to be carrying representatives of the Eastern Forwarding Com- pany to sea to meet the Bremen, to- day reported that nothing was seen or heard of the German submarine.

KELLEY DIXON

BARN DESTROYED

The large bank barn on the Kel- ley Dixon farm, four miles south of this city, was completely destroyed by fire, between eleven and twelve o'clock Monday. A large straw stack near the barn also burned.

It is understood that the fire started by sparks from an engine which was being fired to operate a baler.

All harness and other contents of the barn were removed.

UNDERWOOD ARRESTED

GOES TO THE WORKS

Newt Underwood, who skipped a \$200 bond some months ago rather than face a bootlegging charge, was arrested Monday afternoon by Of- ficer Chas. Judy.

Underwood was taken before May- or Oster, fined \$200 and his commit- ment papers made out to send him to the Xenia works at once.
